Subject: Abbott Inventory Update: Nutrition Products

Abbott continuously reviews our inventory to provide customers with the most up-to-date and accurate product availability information as possible. The table below lists products that are currently low in inventory. We apologize for the current inventory position on our pediatric specialty products and are doing everything we can to address the situation.

The table below provides suggested alternatives to meet the nutritional needs of your patients. Healthcare professionals should determine the best alternative product and transition plan for patients.

	Pediatric Institutional Item	Item #	Est. Recovery Date	Potential Alternative Options	Item #

**Intermittent batch releases in July may allow for ordering of this product*

***Complete nutrition in a tube-feeding formula made with organic fruits and vegetables.*

The use of tube-feeding products must be determined by the healthcare professional. When patients need to change to a new formula, please work with that patient's healthcare professional to determine the best alternative product and transition plan.

We are also pleased to inform you of these previous low inventory items that are recovered and available to order:

- **PediaSure 1.5 Cal Vanilla with Fiber (#67374)**

For questions regarding your orders or for other information about Abbott's nutrition products, please contact our Customer Service team at 1-800-551-5838. If ordering through a distributor, work directly with your distributor representative on alternative product availability.

Sincerely,

A handwritten signature in black ink, appearing to read "Matt Beebe". The signature is fluid and cursive, with the first name "Matt" and last name "Beebe" clearly distinguishable.

Matt Beebe
